“ To Wendy and family,

My most sincere sympathy to you and your family on the passing of your Mom and the boys Grandmother. I know how much she loved all of you and how proud you made her because we discussed it on every call and in every email. I will always have the fondest memories of your Mom when we were growing up and some that I will not repeat here but the time I visited your Grandmother, Grandfather, Uncle and Mom back in 1975 on a trip I made with my Grandmother and your Great-aunt Bert to CA and CO. We had such a great time and created memories for a life-time.

You all are in my thoughts and prayers!

*Love,
Edward*

I have heard many times about that trip...and a pair of boots you wanted...it makes me smile...she spoke so fondly of you!!! My family and I thank you so much for thinking of us at this very difficult time...I would love to keep in touch and be able to discuss these memories further with you!!! What I hope to gain from her passing is a closer relationship to the McBride side of our family..again, I thank you immensely...it means the world to hear from you at this time.

*Love,
Wendy and family*
