“*“The way you choose to live your life can change the world.” This quote truly is appropriate to describe Betty. She not only was my Aunt but my best friend. I will miss our conversations. She was a blessing to all who knew her, always putting other before herself. Her presence will be missed but her spirit will always be with us. Betty we love you!*”

“*Aunt B will always be remembered. She was very kind and caring person. She could take a frustrating situation, turn it on its head, and before you knew it; it was funny. Fond memories of Ambuck's bed races, hot air balloons, Christmas with everyone, amazing Thanksgivings. Yes, Aunt B I remember the trip to the gas station we took together in my '67 mustang on that beautiful sunny day.*”
