“ Such a wonderful lady! Loved working along side her at the Garber Vacation Bible Schools! She was such a great person to talk to and her children carry on her sweet nature. You were an inspiration to so many and will be greatly missed. Heaven shines a little brighter!

“ I went to school with Bev from kindergarten on. I have so many great memories playing on the play ground, running track, basketball and softball with Bev she was. It is so hard to believe she is gone.

One thing I that comes to me is we were at basketball practice and I was guarding her as she took the ball out, I was doing a pretty good job of not letting her throw it in. So the next time she threw it in she threw it right at my forehead and about knock me out, then she just smiled the "Bev" smile. I got back up and moved far away from her.....Bev you will be missed!!!! Beverly will be missed.

“ Aunt Bev, you were my only blood aunt I will ever have. I got my middle name from you, you taught me to blow a bubble with my gum, took me to your swim lesson while u were in college, taught me the words to nearly every Joan Jett song and always yelled "Shoot Lonna!" every time I got the ball at a basketball game. You kept that going with my son, driving 2 hours just to watch his one hour baseball game. Because you loved us. There are no words or songs or poetry that could ever describe how much I love you and miss you already. I don't want you to be gone but I hope you are happy with your mom and daddy and your little angel Myranda. Thank you for the lifetime of memories you gave me in my 31 years on this earth with you. I love u so much.

“ Beverly and I attended Garber schools together from kindergarten through high school graduation. She was always sweet. At our most recent class reunion, we sat next to each other at dinner and had a really wonderful evening catching up. It's hard to believe she is gone and the first of our small class of 1984 to pass on. Time has marched on way too quickly, and her loss has been felt by those who remember her best as that tiny little blond headed girl from all those years together in the Garber school system. You will be missed sweet Bev!
