“Forty years and two days ago, I remember Brian announcing that today he was 10 on 9/8/76. What a fun kid he was! Always happy and energetic, he was full of life and just enjoyed interacting with others. Because I knew him as a great boy. I am certain that he was a great man.

My prayers are with his family who, while rejoicing in his graduation into heaven, are feeling a tremendous loss on this earth.

“ He's a great guy who gives all the joys and laughs during his high school years. He's also the best drumline buddy for the EHS drumlines. During our senior year at EHS, he came up with good ideas about wearing bandana on our head and even wear it around our neck. Great idea Brian! He's a great guy as a loving father with joy, humor and caring person. I will miss him as a drumline buddy and a good friend.
