“ Burma was a Hair client but much more than that , she was my dear friend. I so enjoyed visiting with her while fixing her hair! She always made sure she told me how much she liked the way it looked after I finished. She and Bob even came to see me after my month and a half stay in the hospital in 1990! She watched my family grow up and we had many a visit about them. Burma was like family and I will dearly miss her! Looking forward to seeing her in Heaven!
