“ To Carl’s family, I don’t know if you will ever read this, but I just wanted to let you know that it makes me sad to learn of his passing. I am so very sorry for your loss of such generous family member. I knew Carl from when he lived in Hugoton, KS. My name at the time was Teresa Young, one of the twins, and Carl and I were good friends. I remember him as very neatly dressed, with his shirt always tucked in. He was on the shorter side but Carl was taller than me. I liked Carl, and was very, very sad when he didn’t return the next school year. Even though our lives went in different directions, I’ve thought about him through the years. Until reading of him now, I never knew where Carl moved to. I’m not at all surprised by his artistic talents and I wish we could have said “Hi” again like two old friends. Carl was a gentle soul.
