“ *...and a hell of a cook! She perfected no-bake cookies. I asked her for her recipe once and she said I don't have one I just kinda throw it together. After more pleading she wrote it down for me, I attempted many times but they were always a fail and always had to eat them with a spoon! Don't get me started on her chocolate chip cookies and homemade stuffing! I'll miss her and her beautiful blue eyes dearly.*

Agreed Lori! I was always amazed at her pie making skills! She was a gift to the Bundy family- the one and only sister in the world that everyone needed and God knew it :)

“ Aunt Debbie never had my number saved in her phone because she said she could never figure out how to do it. Whenever I would call I was always greeted with a hateful hello or what do you want thinking I was a telemarketer 😞 her mood quickly changed when I would say “ take it easy Aunt Debbie its just me Adrienne” I love and miss her so much
