“ Sweet Becky,

I am so so so sorry for this unexpected loss. When I was in Enid for Thanksgiving, I just about text Donny. And you. It was just over a year ago that the three of us saw each other. I just want you to know how special he was to me. He was definitely a “ big brother “, but moreso, my stand in father after mine passed in 2011. I want you to know he shared to me the Book of Revelations. And I will take that conversation to my grave. Donny and I shed many tears over the years with the trials of life. And he always had the right thing to say. I may not have wanted to agree, but deep down, he was always right. I will treasure our friendship from me in Ultrasound and him in Xray. And how he always doted about you and the family. I may or may not have pressured him to get you the best flute on the market. 😭. Just please know, this one hurts....a lot. Please feel free to reach out. And next time I'm back home, I'll reach out and see if you'd like a visitor. Much love and prayers for you all.
