“ My dad became best friends with Doug when I was two years old and he was always like a father to me. So many times throughout my life he has been there for myself and his grandsons. No matter the situation or the time of day, I was always welcome at his house without so much as a heads up. He has come to my rescue more times than I can even remember. I could go to him with literally anything knowing that I would not be judged or turned away. I hope he knows how much that has meant to me in my life. I hope he knows how much I loved him and how very much I will miss him. Thank you, Doug, for everything you have done for me.

“ Doug and family were our neighbors in Junction City Oregon in 1977. He was the first person we met and what a gift they were to us. A lot of special times with them. We have stayed in touch all these years and talked to him on the phone months ago and was so blessed to hear his voice and that he is with our Lord. Our trailer burnt down one day and because of Doug his mom and dad took us in until we found a new place to live. We will always treasure the moments and memories we had with him. Praise God we will see him again in Paradise. God's Blessings to his family. 🙏🕊️💜❤️ RIP our friend 🌹

“ Doug was not my biological dad, but there was a time that he filled that position. He is a good man and will always be remembered for being in my corner. I love you Doug! I will never forget you.
