“ *Eleanor was very special to everyone she met. Her smile, her patience, her love was shown through with everyone she met. She had a way of teaching never criticizing but able impart the message of how critical it was to improve on the smallest task to improve the finished product.*

A lady of ladies that I know she earned her angel wings many times over.

She will be missed by so many.

Your mother was an awesome person. My thoughts and prayers are with you. God bless you all.
