“ I was Esthers neighbor, when I was a kid I would go down and spend hours at her home just talking. We would sit in her living room or talk as we worked on her yard. She made several wise statements that will stick with me forever. You will be miss esther💕

“ I loved Esther. I used to sit with her and play piano and she would smile and dance and clap. She also liked when I sat with her and she watched me crochet. She was such a sweet lady.

“ I am Vickie Struble Shellhammer. Esther was like a second mom to me. I loved her. I met her when she would park along Bdwy close to where I lived and walk over to work at Baby Duds. I liked to sew and she told me to go over and apply for a job. I got the job and a little later she told me about a house for rent on fifth street. As it turned out we rented the house and so I would ride to work with her. Monti you may remember us dropping you off to go to North Enid to school. I later moved to Kansas but still kept in contac with her until her eyesight failed. I went to see her a few times after we moved to Kansas. She told me about going to see her twin grandsons in Kansas. I loved her so much. I send deepest sympathy to all her family in case I don't make it to her service.
