“ Ike has so many memories of Gary. He just told me about a football game with Alva where we were behind and we had two guys hurt. Bill Endsley was knocked out and Jim Davis's leg was broken. Alva put some subs in so Ike asked Gary "Can you block your man" he told me "Yes he could" so Ike told Jay Hague to run between Gary and him and Jay gained 31 yards. Ike always considered Gary to be a very good friend from 1st grade til now. Ike has many more memories of Gary but he usually goes to football in his memories. We are so very sorry for your loss. If there is anything we can do, don't hesitate to call. Blessing to you during this time.
