“ Gary Lane---you flaked out on me!! We'd just had a couple of phone calls about our days growing up "in Boggy Creek" & the old neighborhood. Had some great conversations rehashing those days & laughing & laughing & laughing. We ended one friendly call with "Holler when you're out & it's convenient because we needed to fill each other in on some "stuff" that we'd briefly chatted about---one of those things being our "stupidity" with iphones!! I told you I'd not answer calls from people I didn't recognize on caller ID, due to all the robo calls. You didn't know you were coming across CID as your daughter!! LOL You said you'd have to get right on that with Megan--& you did. LOL I was looking forward to sharing a good laugh with you soon, but I missed your last call because I was gone briefly. I had no idea you were gonna "leave"!! I'll always have great memories of all those "hood times" tho!! I'll still "see ya later"---Love ya, Gary, RIP!
Fondly forever,

“ *The memories I have of Gary are far too many to mention. He and I spent an enormous amount of time together through our high school years. We loved the same kind of music, had the same sense of humor and finished each other’s sentences, a special connection that anyone would love to have and need during those difficult years. We remained friends and reconnected off and on through the ups and downs of life. I thank God for Gary Merrill ❤️ He was a fabulous human being, a true and loyal friend and a man loved by many! I miss him already and will love him forever and a day ❤️*
