“ My dear sister Gloria (sitha) I remember you always made sure that everyone bath two times a day. This was her Moto. Those are happy thoughts, I remember when we shared in many secrets and laughed alot. I would run to ask her what decision I need to make when I really did not know what to do. She had all the answers. We must cast all our cares on Him cause He cares for us. Stay encouraged family

“ Two things I remember are momma would always say, I don't have son-in-laws, I have sons. She never treated me like anything but that, a son. She also would say say what you mean and mean what you say and she did just that, you would never have to question how she felt, because she would let you know. It is surreal to imagine we will never hear that voice again and see that beautiful face, but in all things God has a reason for everything. Love you!

“ *Its hard to believe that you are gone but not last forever only memories and plenty of those we have shared!! I remember hours of conversation talking about all the people that had died down home and you would say after while there aint gonna be no one left down there! Man the trips to Oklahoma even though all I did was sleep it was sweet spending that time with you. A vancancy left in my heart but plenty of sweet memories in my mind. Get your rest in the land where you shall never ever grow old!*
