“ Harold was my great uncle. I have many many fond memories of fishing with him in Colorado alongside my grandfather, Edwin. Harold had a great wit and his stories will always stick with me. Godspeed Uncle Harold.

“ Harold had a big influence on my life as he raised me from the age of two until adulthood. I appreciate him putting up with me and coming to watch me run in track and Cross Country races. He taught me how to fish and took me fishing a lot. Also took me sledding, bought me a bow and arrows. He provided a stable home and sold me his old white El Camino. I will of course always remember him.

“ I met Harold through David Crowl. When David was busy working Harold would be there to watch over me. I was instantly in love with Harold. He had the kindest soul of any person I'd ever met. I always thought the bond and friendship David and Harold shared was rare and awesome.

My fondest memory is one evening David had to work late and Harold decided he would fill in for David and be my date. Harold sure gave Davie a hard time telling him how much fun we were having til David got there.

Harold and I shared a lot of memories and fried Chicken. He loved for me to cook when I was in town and fried chicken was one of their favorite.

I crocheted Harold an afghan when I learned he had to go into the nursing home. I wanted him to have a reminder of how much he meant to me.

I loved Harold has if he was my own father or grandfather. This world would be a much better place if we all had a man like Harold in our lives.

I'll miss you Harold and you'll always be a wonderful memory I'll carry in my heart and yes Harold you were the best date ever!!
