“ He was my 6th grade teacher. Always prepared, organized and clear in conducting the classes in a quiet, dignified, orderly way. A fine man and teacher, in my opinion.

“ Howard never ceased to make me smile! What a wonderful sense of humor and sometimes corny jokes. He and Janice were such special friends and it was a blow to have them 'retire to' Oklahoma. But, of course, that is what God led them to do. What a wonderful guy he was and now he is reaping the rewards of his devotion to working for the Lord. Thank you, Janice, for being the sweetest wife ever. Aren't we glad that we, too, will someday be in Heaven ... and reunited with your dear Howard (and my Bob). Love you, JoNancy

“ I met Mr. Morrow in 1996 when my family and I were looking for a church in Hot Springs Village, AR. As soon as I entered Village Bible Church, Mr. Morrow approached me, asked me my name and said, "What do you need?" I told him that I was new to the Village and was looking for a church, english classes and a job. He said, " You got the church now, and I'm going to teach you english and help you look for a job." That weekend he enrolled me in The Literacy Council and we started our english classes twice a week. We met in the Townhouse Association office in the Village and at the same time he introduced me to the manager who then offered me a job! We worked on my english for around five years and we became friends. He saw my kids grow and always told me that I could accomplish anything if I worked hard. Besides being my friend, he also was my mentor; he always had good advice and a great sense of humor to make things easier. We were part of the Literacy Council board for many years and drove together to the meetings which were always fun. Time passed by and I found a better job thanks to Mr. Morrow's help. He was also with me at the time I decided to get baptized and accept Jesus as my Lord and Savior. He told me once that the day I entered the church for the first time, he felt that God told him to go and talk to me. I have so many more memories to share, but I would need much more space. I'm sad that he's not with us anymore, but I'm happy to know that he's in a better place now. I feel very fortunate to have known Mr. Morrow and thankful for all the help he provided me to reach my dreams.

“ Dr. Morrow was my very first principal. He was the principal at Bodine Elementary School, in OKC. After interviewing for the job, I was excited when Dr. Morrow called and informed me I had been selected to fill the first grade opening. He told me, among other things, that he was hiring me because he "wanted to see what kind of teachers Phillips University was graduating." Being a PU graduate, I was happy, but nervous to oblige. Dr. Morrow was an outstanding leader, friend and mentor to this new, somewhat frightened, young graduate. I will forever be thankful for the opportunity to begin, what became, a 34 year teaching career. To the family, I will keep you in my prayers as you mourn the loss of this great man. Sincerely,
Lynn Etter

“ Howard always had a smile and a “wise” comment. I picture him in his last years in Hot Springs Village exercise walking in Walmart, my high light when shopping. He blessed us many times over at Village Bible Church with his giving heart and sense of humor. God had brought one of His saints home!
