“ I served in the U.S. Army and went through basic and AIT training with Jim. I hadn't stayed in touch with him since the late 60's early 70's. I was watching TV the other night and the town of Cleo Springs came up about something. I was wondering about Jim then and googled his name and found out he has passed. I am truly sorry for your lost and the fact we didn't stay in touch. He was a great guy and it was nice to have a friend with similar interests back the. RIP Jim.... Mike Funk
