“ I took my daughter to a doctor's appointment in the city today, and I thought of Jammie on the drive over. The last time I saw her in person was when I stopped by her work to pick up a knitting loom she so graciously donated. We were headed out of town to another doctor's appointment that day as well. Jammie, I know your health has been restored and you are running around up there with your heavenly family and fur babies. I will keep your earthly family and friends in my prayers, as I know their grief over losing you has only just begun. We will miss your bright smile and your spunk, sweet lady! You have earned your wings, so fly high...

“ *I send our deepest condolences and prayers to Jammie's family and friends. I had the privilege and honor of working with Jammie for the last 4 years. She was part of my staff for the Otoe-Missouria Tribe Education Department. She made my Job easier when needed and was entertaining in our daily work life. She also taught me some life lessons as we talked about our personal lives. She was a very very valuable employee for our department and she is missed. <3
