“ I remember John as "Big John" when we worked at St Mary's. He was always smiling, pleasant and caring. I missed him terribly when he left as I thought of him as a bright star. He helped me one night when I got off late. It was pouring and had flooded the parking lot to about 10 - 12 inches. I was parked in what we called "the back 40". The waters were swiftly moving and Big John held onto me tightly while helping me to my van. He stayed until I got the van started (which was a miracle in that deep water. If Big John had not held onto my arm, I would have been swept away into the Boggy Creek!. I was always thankful for his action that night.
