“ *My car broke down after a basketball tourney in Pond Creek in 1975. The weather was bad, it was dark, I was 19, alone & scared. I walked to the nearest house & knocked. The kindest lady invited me in. Her husband was at work & kids were at friends in town overnight because of road conditions. She cared for me as if I were one of her kids until my family could come get me the next day. I'm 65 now & have never forgotten her. Rest in Peace, Charlotte James.* 💕
