“ *Dyann was so beautiful. Her smile and voice were unique like her whole person. In the 60's she was absolutely the coolest teenager. Bouffant hair-had great record player. Susan and I would play our records for hours. Only problem was the arm of the player would skip and we would have to put a penny on it to hold it down on the record. Susan and I liked to watch when the boys that would show up and take her on dates. She seemed to be a princess. Dyann had no equal-at least to us. I didn't know she was so sick and sorry she is gone but she has Mary Lou and Bonnie Lou with her now.*

“ *Our thoughts are with the family and friends. A lot of family memories growing up as kids. While our parents were played cards late at night we were Watching The Twilight Zone. And the homemade taffy our moms used to make and the trips to the lake. Thanks for the memories.*

“ I worked with Dyann at Norce we were both nurses. She was always so sweet and kind to everyone. The kitty world will never be the same without her. I know she will be missed by her fur babies.

“ Dyann and I always knew each other through her sister Susan and brother Eric. Before she got sick, we recently started meeting for coffee and talking about old times and sharing memories. She was a wonderful friend. I will miss her dearly. She pierced my ears when I was 16! The old fashioned way, with ice and a needle, at their kitchen table. I still have those holes in my ears. She did a great job!!!!
