“ *My deepest condolences. I met Michael at the library several years ago. We always chatted if time allowed. I always found him interesting and he once told me of his past experiences-he lived a full life I think he really had a heart of gold. I am surprised at this news, I've been hoping to run into him at library-now I know why. I shall miss him!*

*Sincerely,
Tim Kutz*

“ *Mike was great guy! We became friends when he did meals on wheels for a short time. I never met a man, who was truer to his convictions than Mike was. One thing about Mike was he was the same everyday and had one heck of a sense of humor. One thing that stands out in my memory of Mike was that he had great compassion for his fellow man and animals. I will greatly miss him.*
