“ I worked with Peggy for years at St. Mary's. She was the one to train me how to interpret cardiac rhythm strips. I absolutely loved working with her. She was always so sweet but oh did she have some spunk in her! I'd go to the monitor room sometimes just to visit with her and get away from the floor and I usually left with a smile on my face, laughing, and cheered me up! She had such a good heart! I will miss you dearly Pegs! ❤️
