“ Shirley was such a treasure to me. She was my foster grandparent at Chisholm Elementary in Transitional First Grade. She worked extremely hard in this position. Every day she showered these children with love and attention. She would sit and work one on one or would work to get our next activity ready while I was teaching. I always considered her as a teaching partner and cherish the days that we spent to together. She was such a hard worker that gave 100 percent of herself each day for these kids. I have fond memories of working side by side with Shirley. She gave of herself to make sure that others had a better and happier life. Know that I miss your sweet smile and will always remember the friend you were to me. My condolences to the family and may you find comfort in the only one who can bring that peace, Our Heavenly Father.
