“ Steve had to older children that are not mentioned his mother never wanted Steve to have anything to do with them. A beautiful daughter and a accomplished son. 3 months have passed and his mother decided to finally let them know because she wanted them to stop calling his phone. These two kids tried many times to have a relationship with him. It's not fare to treat them as if they never existed. He and his mother missed out on knowing to wonderful people.

“ I worked with Steve at Koch. When I first met him, he was a little intimidating. If a person didn't do his job correctly, Steve would bring it up. I was moved to Steve's shift and we worked together for a number of months. During that time I discovered what a good man he was. Steve was without a doubt, one of the funniest men I have ever met. At the plant, he was known as Stevie Wonder! He didn't have a shy bone in his body either! He would play practical jokes on the guys and sing Christmas carols over the company radio at night! Everyone enjoyed him! He talked about his boys all the time! He was so proud of them! When I left the plant, Steve was the one guy that I really missed being around.

Jakob and Joshua, your dad was a good man and a good friend. He was always able to brighten my day! I will miss him.

“ I am so saddened by this news. I spent some great times with Steve in High School at Texas City. Steve always managed to be the life of the party and he absolutely marched to his own drum !!! I had the pleasure to visit with him and have dinner with his family a few years ago while in Oklahoma City. It didn't take long to see that the boys was his greatest pride. I know they will miss him deeply.

To all his family - Time heals all wounds !!!

*Our Thoughts & Prayers Always,
Rest In Peace my Friend !!*
