“ *You will be so missed and you are loved by so many. When I think of you I think of how amazing you always tried to be and how you always tried to make sure to make family first. My very favorite memory of you is the first time I called you on the phone and told you about Elijah you nephew, you didn't know who I was and from that point on you and Michael were there loving my family and always trying to include us. Elijah loves you so much and wants you and his other family to know that he loves all of you. He said it is see ya later Aunt Summer, not goodbye forever, he says take care of his puppy Remix and make sure to give grandma hugs and kisses for him and he wants you to know you will always be with him and have a very special place in his heart.*
