“ I met Tom when I was a freshman or sophomore in High school. We all hung out in the parking lot east of Enid High and also at the 8th street house (one of many). He was always smiling and I can say i can't remember him ever saying anything bad. He also was one of the great protectors in my life,I was truly blessed to have him and others in my extended family. As time when on we all went our separate ways but when we would see each other it was like time had not passed. I had the pleasure of sitting with him one day at Q-Spot and we talked of the good and bad in our lives. And he gave me his opinion of what i should do in mine. I bet he gave his two cents to you all also. I just want you to know he bragged on you kids and the grandchildren he really did love each one of you.
