“ *Travis was a great friend to me. Many laughs, and many serious conversation shared. He always expressed to me his love for his family and his love for His Savior. He had a way about making you know that you mattered and always extended a helping hand to me no matter the time or the need. Many random calls shared just to tell a stupid joke or to say we heard "our song" come on the radio! lol I bought him the hat in this picture in Oregon as a reminder of our plan to escape work and go Salmon fishing together! My families thoughts and prayers will remain with the Cue family. I will miss your friendship Travis. May God be with you until we meet again..*

“ Keeping his family in my thoughts and prayers. I only knew Travis through EPS. He would come to the school I work at when work needed to be done and we would chat from time to time. He was always talking about his family and how proud of his kids he was. The world will definitely be a little less bright without him in it. 🙏

“ Travis always had a smile on his face. He was so proud of his children and loved talking about how fun it was going to be watching them grow in size and in their abilities at sports. He loved Hilary so much and treasured the life they had. He was always volunteering to help at any task we were doing. Too many times to count, he stepped in to help us out in small and big ways. I know he leaves a huge hole in the lives of his family but the world as a whole lost one of the best men we have known. So many are going to miss his infectious smile and quick wit. We lost the best neighbor anyone could ask for. He was loved by so many, Heaven gained a very special soul! Ron and Suzayne Horner
